DETAILED ACTION

Response to Amendment

1. Applicant's amendments and accompanying remarks filed 4/18/02 have been entered and carefully considered. Applicant's amendment is not found to patently distinguish the claims over the prior art and Applicant's arguments are not found persuasive of patentability for reasons set forth herein below.

Claim Rejections - 35 USC § 112

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-4, 6-8, and 10-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 13 are indefinite because of the phrase "formed by impressing a volume into said thermoplastic layers." What is the intended meaning of this phrase? Does it simply refer to molding the outer layers? The originally filed specification does not describe, "pressing a volume" into a component.

Claim Rejections - 35 USC § 103

4. Claims 1-4, 6-8, and 10-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Gardill (5614285) in view of Hawley's condensed Chemical Dictionary, as set forth in the previous action.

Applicant only argues that Gardill does not disclose an outer component formed by impressing a volume into the thermoplastic layer. This phrase is indefinite for the reasons set forth above; however, if this phrase refers to molding then Gardill teaches this limitation in figs. 2-3. Said rejection is maintained from the last action.

Conclusion

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
